

REGIONAL
OFFICE OF EDUCATION

Champion our community.

John Meixner, Regional Superintendent of Schools

Fulton • Hancock • McDonough • Schuyler

Annual Report
July 1, 2019– June 30, 2020

John Meixner, Regional Superintendent of Schools
Dave Demler, Assistant Regional Superintendent of Schools

The Office of Regional Superintendent

The Regional Superintendent of Schools is the chief administrative educational officer of an educational service region, and the only elected education professional office in Illinois. The Office of the Regional Superintendent performs regulatory functions as directed by the Illinois School Code.

The Code states that, "The Regional Superintendent of Schools:

- shall exercise supervision and control over all school districts in the county.
- shall act as the official advisor and assistant of the school officers and teachers in his region. In the performance of this duty he shall carry out the advice of the State Superintendent of Education."

In addition to coordinating and delivering state and local services, the Regional Superintendent acts as an advocate for education by providing positive leadership and disseminating information for educators, school districts and the community. The six main areas of responsibility include educational administration, cooperation management, financial, health and life safety, public relations, and transportation. For a detailed list of responsibilities, please visit <https://www.roe26.net/about>

Special duties of the Regional Superintendent are stated in the School Code and can be summarized in two major areas: Service and Assurances to the Public. Service components are generally grouped as legislative, legal, cooperative management, research dissemination, educational administration and citizen representation. Each component requires specific skills placing the Regional Superintendent in an alliance role. As the alliance agent, the Regional Superintendent brings together people, concepts and resources to provide educational services.

Assurances to the public include: fiscal responsibilities, local performance, life safety, certification, supervision and curriculum. In these areas, legislation places enforcement responsibilities on the Regional Superintendent to guarantee that certain minimums are met and legal parameters followed. In most instances, enforcement responsibilities becomes services to help schools and school personnel meet minimum expectation.

During the school year, the Regional Superintendent and staff receive hundreds of telephone calls, letters and visits from parents, school personnel, and citizens concerning a multitude of educational concerns. It is the policy of the Regional Superintendent to give prompt service and accurate information to any individual or group seeking assistance. The Regional Superintendent also acts as an advocate for education by providing positive leadership and disseminating information for educators, school districts and the community.

Champion our Community

Champion our Community is a commitment from the ROE26 that we will be champions for our communities and our schools. By getting involved and setting an example, we hope to encourage students to become champions for their communities as well. To grow and prosper, we need young people committed to our region and a great way to do that is to make sure they are surrounded by people who **Champion our Community**.

Legal Reference for Annual Report

This annual report is designed in part to meet the provisions of Chapter 105, Article 3, Sections 5/3-5, 5/3-6, and 5/3-15.8 of the School Code of Illinois.

A Message from the Regional Superintendent

Dear Friends,

This has been a school year unlike any other. I am proud to present this detailed annual report of what we accomplished and where we faced challenges for the fiscal year covering July 1, 2019 to June 30, 2020.

As Regional Superintendent of Schools for Fulton, Hancock, McDonough and Schuyler counties in west-central Illinois, it is my honor and privilege to lead such a talented and dedicated ROE26 staff working with one purpose: to Champion Our Community.

Never has our purpose been more challenged, or proven more necessary, than in this past school year. Our world changed in dramatic ways in March when the coronavirus pandemic forced schools to close for the remainder of the school year. As I write this letter today, we are aiming to reopen in August but the future is uncertain.

Adding to the instability, we have ongoing, much-needed conversations about racial and social justice in our area and around the country. We can expect these to continue as we all work for a world in which equality and human decency are the rule, not the exception.

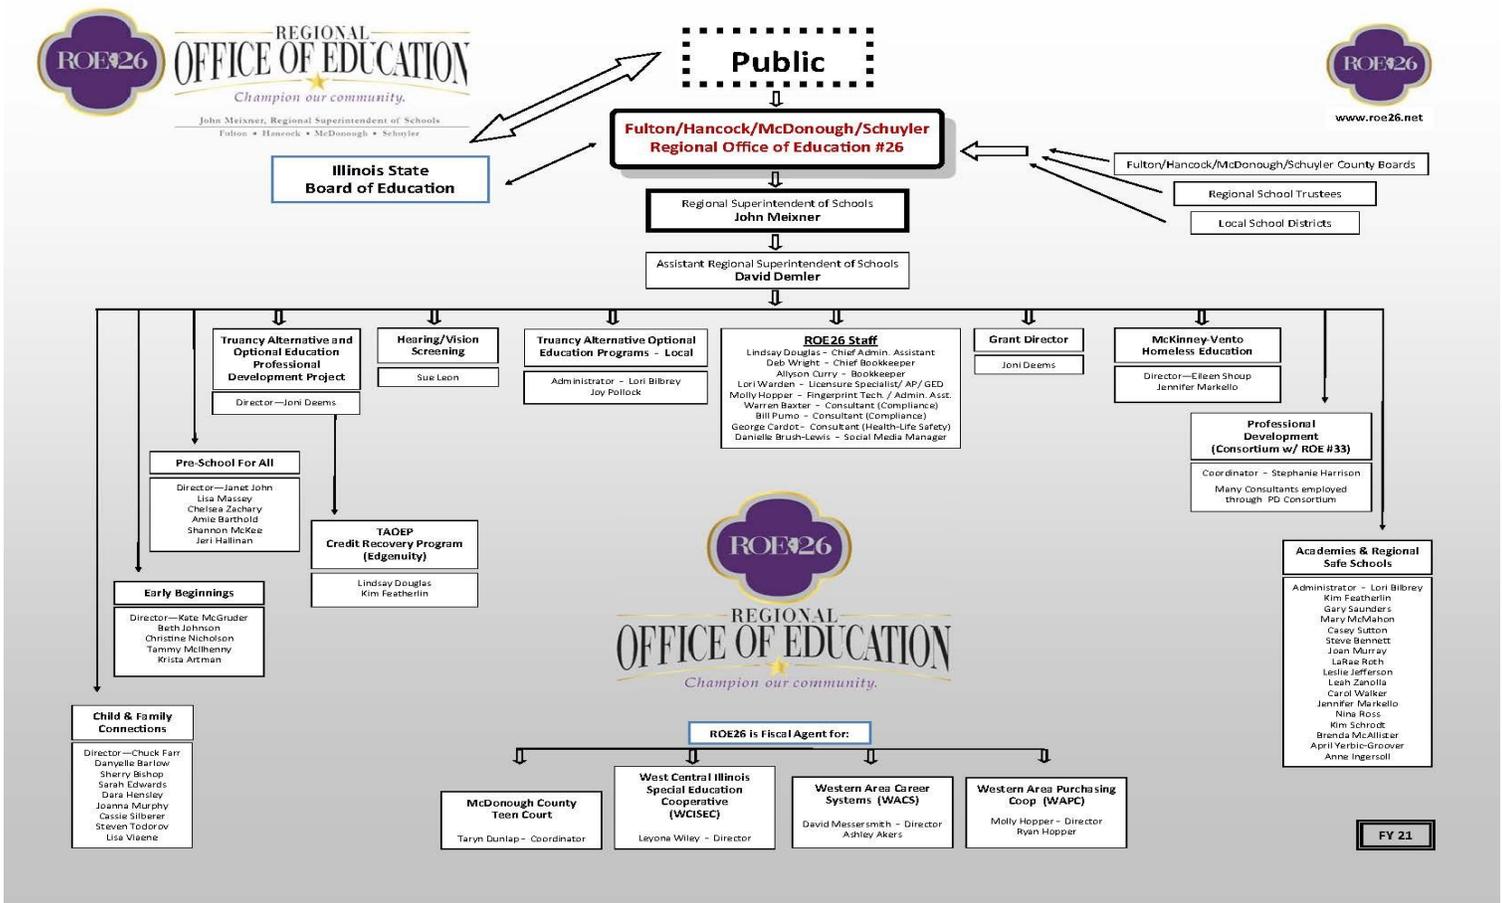

As you read through the results in this annual report, keep in mind how we deliver our educational services has changed – but our determination to provide the best education and support possible to our students and families has only strengthened. Remote learning has required a new level of planning and execution. How we connect with our students has changed, yet they need that connection now more than ever.

From preschoolers to troubled youth to adults looking for a second career, we continue working every day to change lives for the better. The lessons we are learning in the pandemic will help us better reach everyone, even when we're all able to return to the classroom for our new normal.

I am exceptionally proud of my staff and our region's educators for setting aside excuses and just getting the job done, despite these challenges. Every day, we report to work – even if it's virtually from our living rooms – to keep students and schools safe and provide the support they need to succeed. Stronger schools mean stronger communities, and better futures.

Please take a minute out of your busy day to read through these results and think about we can all work together to Champion Our Community. When you next interact with an educator, give them a quick word of appreciation – it means more than you can imagine right now.

Sincerely,
John Meixner

Regional Board of School Trustees

The Regional Board of School Trustees is an elected body with the sole responsibility of action on detachment/annexation petitions regarding boundary changes between school districts in the region. Members of the Regional Board of School Trustees include:

Charles Fleming, President	Fulton County	Term expires 2023
Gerald White, Vice President	McDonough County	Term expires 2021
Sally Bair	Fulton County	Term expires 2025
Pam Vancil	McDonough County	Term expires 2025
Gerald Walker	Hancock County	Term expires 2023
Francis "Kip" Wilson	Schuyler County	Term expires 2023
Barbara Zimmerman	McDonough County	Term expires 2021

You can email the members of the ROE26 Regional Board of School Trustees at trustees@roe26.net.

ROE26 State and Local Programs

Adult Education Program

ROE26 offers an Adult Education Program designed for the non-traditional students age 17 and above to achieve his/her High School Equivalency certificate and beyond. Through Individual Education Plans, our qualified staff are trained to assist students into the next level through connecting with local agencies and services, creating a transition plan for college, training or career readiness, and bridging the gap between student and services within the workforce area.

ROE26 is able to offer this program through a partnership with ROE 33 RAES (Regional Alternative Education Services). During a student's time in the program, he/she will learn basic skills for English Language Arts, Math, and workplace skills, as well as, become prepared to take the High School Equivalency Exam. During FY20, 75 HSE students at three sites (Galesburg, Monmouth, and Carthage) and 165 Adult ESL students at Galesburg and Monmouth were served.

Child and Family Connections #13

Child and Family Connections (CFC) #13 is an early intervention program that serves infants and children ages 0-3 who have or are at risk of developmental delays. CFC assists families across nine Illinois counties with their children's adaptive, cognitive, communication, physical, and emotional needs.

Child and Family Connections #13 assists in identifying, planning, and providing services for children in need of our care. We provide in-home evaluations and therapy sessions, create personalized therapy sessions for you and your family, and monitor progress with 6 month check-ups. During the 2019-2020 year, CFC served over 300 children and their families.

Early Beginnings

Early Beginnings provides eligible families the information, support, and encouragement they need to help their children develop to their full potential prenatally to age 3. A variety of services are provided to families including health, vision, hearing, social-emotional and developmental screenings, childbirth education, infant massage, a book and media lending library, preschool transition plans, play to learn group programs, and the Parents as Teachers personal visit program. Parent Educators are certified using the *Parents as Teachers Program* model and Foundational Curriculum. The staff at Early Beginnings have been privileged to continue support to our families during the COVID-19 pandemic through virtual visits by phone and video and delivering needed supplies to families doorsteps. Over 85 children, 70 families, and 15 prenatal families were served this year, and over 200 developmental screenings were conducted.

Homeless Education

The Area 3 Lead Liaison Project provides professional development, technical assistance, information, and coordination of services for west central Illinois school districts regarding the rights and needs of homeless children and youth. In the ROE26 area, 416 homeless K-12 children were served, with another 32 preschool children served. In Area 3, 2,640 students and 137 preschoolers were helped by the program. Due to COVID-19, our regional liaisons and school homeless liaisons have been more creative in providing assistance to the McKinney-Vento population. They have used gas cards to help families drive to local Internet hotspots. We have also been training elementary teachers through digital platforms in using the Orton-Gillingham method of teaching reading to help assist students in reading proficiency.

ROE26 State and Local Programs

McDonough County CEO

Twelve students representing three high schools and home school successfully completed the inaugural year of the McDonough County CEO Program. ROE26 is the fiscal agent of this program, which is managed by a board of directors that includes representation from several communities and all county school districts. The day-to-day program is developed and overseen by a facilitator, Christi Steelman.

The program makes use of dozens of community leaders who form the backbone of our curriculum, presenting information on a wide range of key business and professional development topics and hosting tours of their business sites. The students learned to communicate professionally, to negotiate, to network, to strike deals and to brainstorm. They benefited from meaningful interactions with business leaders in our area who served as teachers, mentors, investors, and friends. Of the twelve students, six were able to launch individual businesses even in the face of the pandemic. A Facebook Live event was held in June and five students shared their experiences in the program as well as their new businesses.

Preschool for All

The Preschool for All program is a high quality program that brings together qualified staff, a proven curriculum and parent involvement to help children aged 3-5 develop the skills they need to succeed in school and later in life. Preschool for All programs are offered in participating public and private schools, child care centers, community and faith-based organizations, Head Start and other settings. There is no cost to parents. During the statewide school shutdown this past Spring, we were able to provide services to our families through Facebook groups, zoom class meetings, reading books on video to share with families, and sharing online learning resources for activities to do at home. Preschool for All staff also put together packets of learning materials and delivered them to each of our participating families to keep everyone engaged and learning. We served 155 children in the 2019-2020 school year with classes at 2 day care centers, one Head Start program, and 2 school districts.

Project Stay In

The goal of the Truancy Intervention Program, Project Stay In, is to serve K-12 students by providing early assessment, intervention, and remediation of the factors related to Chronic Truancy and to focus on keeping students in school. In the state of Illinois, a Chronic Truant is any student subject to compulsory school attendance who is absent without valid cause 5% of the previous 180 school days. The goal of Project Stay In is to aid students and their families in re-establishing regular attendance, normal school habits, and academic success. In the 2019-2020 school year, our truancy caseworkers served 440 students from the four county region.

ROYALS—Regional Office Youth Alternative Learning Services

ROYALS offers alternative learning services to students in grades 6-12. ROYALS takes an individual approach to developing a meaningful relationship with each student to help each student progress toward his/her goals. The Safe School programs serve students who have been expelled or who have served multiple suspensions due to serious and/or repeated misconduct. Our Alternative programs are designed to serve students for a variety of purposes, including credit recovery and chronic truancy.

ROE26 State and Local Programs

ROYALS—Regional Office Youth Alternative Learning Services, continued

The mission of ROYALS is to guide students in achieving academic success and post-secondary success. ROYALS provides a safe environment in which high-quality education is delivered and high-quality learning takes place. Students understand that attending regularly, making quality academic progress and displaying positive behaviors are all part of school success. ROYALS staff serve as mentors in guiding students to make positive, meaningful choices that will impact their future in a favorable manner. This year, ROYALS served 146 students at three sites with 5 full time and 14 part time instructors. Thirty-two students completed coursework requirements to graduate and receive a diploma in their home school districts. As the 2019-2020 school year came to a screeching halt for on-site learning, ROYALS continued to serve students through remote learning. Online coursework, Zoom meetings, and tele-counseling were offered.

Two ROYALS students, Halle Sowers and Austin Sathoff, were selected to represent ROYALS as the **Illinois Principal Association Student Recognition Award** recipients for 2020. Students who "make our school a better place" can be nominated. Halle is a West Prairie High School recent graduate who attended ROYALS Macomb. She plans to attend college and become an early elementary education teacher. Austin is a Farmington High School student who attended ROYALS Canton. Austin worked very hard to recover credits and graduated this summer.

Truants' Alternative and Optional Education (TAOEP) Professional Development Project

The goal of this statewide initiative is to address Illinois' need to provide a statewide system of professional development for educators who work with the Truants' Alternative and Optional Education Program (TAOEP) and provides leadership and support to local programs through the delivery of professional development services, programs, and technical assistance activities. In addition, the project is responsible for the coordination of the Edgenuity On-line Curriculum for all TAOEP and RSSP (Regional Safe School Program) students on a statewide basis.

Western Area Career System (WACS)

Western Area Career System (WACS) is a career and technical consortium of 15 schools located in West Central Illinois. The program enhances students' professional skills and provide students with the best possible career preparation.

Western Area Purchasing Coop (WAPC)

Western Area Purchasing Coop combines the purchasing volume of 70 area schools and organizations to purchase paper, office, maintenance, and athletic supplies from vendors across the country at a lower price due to buying in bulk. The average savings on products is 20-30%.

West Central Illinois Special Education Cooperative (WCISEC)

WCISEC is a special education joint agreement that provides a full continuum of services for all students in 19 school districts in the five west central Illinois counties of Fulton, Hancock, Henderson, McDonough, and Schuyler. WCISEC, which ROE26 is the fiscal agent, is committed to develop each student's full potential through broad and varied programs.

Spelling Bee Winners

ROE26 sponsored county-wide bees for students up to grade 8 who won their local school bees. The winner of each county bee was scheduled to participate in the Peoria Journal Star's Regional Bee on Friday, March 27, 2020, but the competition, as well as the 2020 Scripps National Spelling Bee, were cancelled due to the COVID-19 pandemic. We congratulate our local Spelling Bee winners!

Hancock County

Kiera Moore, Navuoo-Colusa Junior High School, Grade 7

McDonough County

Cordea Adkins-Covert, Macomb Junior High School, Grade 8

Fulton and Schuyler Counties

Andy Wang/Ingersoll Middle School, Grade 6
